Result View

Instantly access exam results in the app, eliminating the need to wait for mailed copies. Check grades conveniently and swiftly.

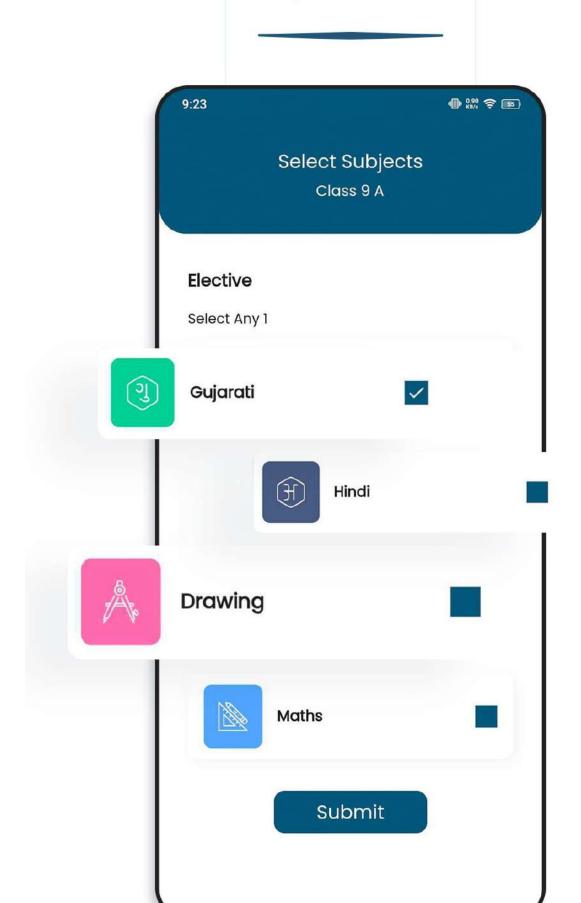

Elective Subjects

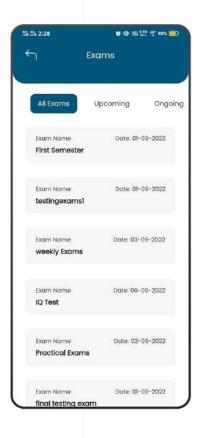

The app lets students choose their elective subjects according to their interests.

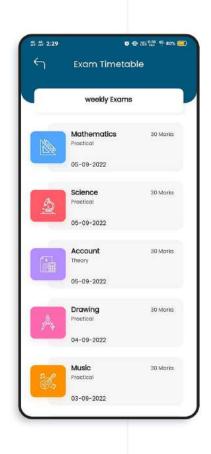

Exam Timetable

Accessible app exam timetable enables effortless planning and preparation for students and parents.

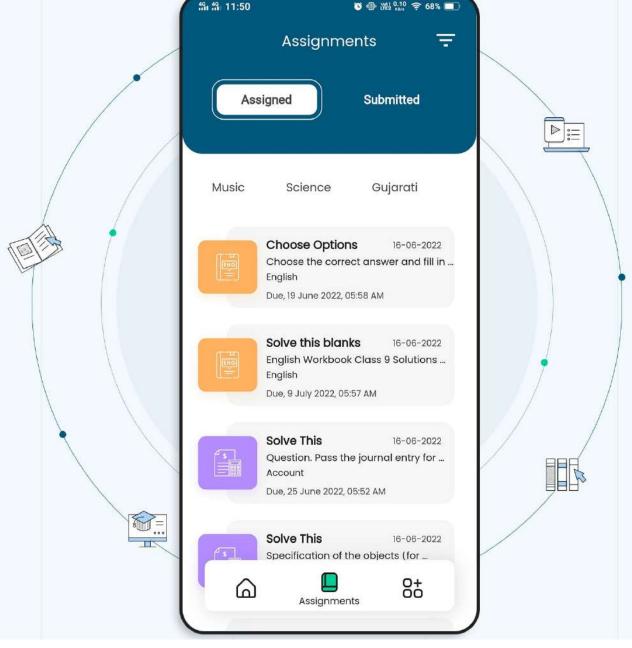

Assignments

The assignment is created with the purpose to help students and teachers in their daily activities.

External Brief

- Frontend responsive website with user friendly
- Admin Panel to manage from school management
- Student & Parents mobile applications (Android and Ios technology)
- Teachers mobile applications (Android and los technology)
- Hosting Services

Client Responsibility

- Third Party Login & Integration credentials provided by the client
- Images and Content provided by client
- Domains provided by client
- if any new feature, customization and changes required that also affected our pricing & package

Consulting

We will consult you on best practices, advise you on strategy, and guide you through implementation throughout the entire process. We are here to ensure your success. Please feel free to ask us any questions you may have via email anytime. You have unlimited email support throughout the duration of the project lifecycle and support phase.

Quality Assurance Testing

Quality Assurance (QA) is essential before launching anything new. Our QA team will find any issues that the app has. We will test cross-platform to ensure that your app looks, feels, and works the way it is intended to.

Pricing & Package

- Price : 15000 INR per month including Hosting and support
- Milestones & Payment Terms : 12 Months payment upfront
- Total Price : 180000 INR for a year

Thank You
